Signature (DIS Director)

Date

The Paul Linder Educational Foundation is dedicated to promoting excellence in education. It awards grants to promote higher levels of academic achievement. These grants are designed to fund training for students and staff or to purchase unique equipment and materials to expand learning in the classroom. All purchases will remain the property of Central Kitsap School District.

Materials and requisites are listed below. All documents must be delivered to the Paul Linder Educational Foundation, c/o Jane Carter, Teaching and Learning Center, by **Wednesday, November 29, 2023**. We look forward to reviewing your application!

STEP ONE

Obtain an approval letter on *school letterhead* from your teacher or principal. The letter should explain how this grant will help you meet the academic or leadership goals of your school (or district).

STEP TWO

Write a concise description of your proposal (300-500 words). Be sure to include how your proposal relates to your school's academic or leadership goals and how it will benefit both you and your school.

STEP THREE

Develop a line-item budget so the committee can see how the grant money will be spent. Be sure to include tax and shipping costs. If an item you are purchasing is on sale, report total cost as the item may not be on sale when the grant money is awarded.

STEP FOUR

Complete the top portion of this application and return all documents (including this application) bound together by a paper clip rather than stapled. If your request is technology related, this application must be signed by the Department of Information Services Director.

If your proposal is funded, you will be asked to complete an online summary upon completion of the project. The summary will describe the results of your proposal. The information provided will be used in fundraising drives to illustrate how Paul Linder Educational Foundation Grants further educational excellence. Additionally, you may be asked to present your project at a Linder Foundation meeting. Reports are due no later than June 1, 2024.
